

REYAD HASNAIN

ICT Policy Advocate | Telecom Strategist | Digital Economy Thought Leader

A seasoned ICT and telecommunications leader with **20+ years of global executive experience** across Asia, Africa, Europe and North America. Combines hands-on industry delivery with active public advocacy to champion Bangladesh's digital economy, youth empowerment, and technology-driven inclusive growth. A strong proponent of the view that **ICT and IT-enabled services can be the next RMG for Bangladesh.**

POLICY PRIORITIES FOR BANGLADESH'S ICT INDUSTRY

- **Regulatory Reform for ICT Exports:** Modernising telecom & digital policy to unlock investment, scale ICT exports, and attract global technology capital.
- **Digital Inclusion & Rural Broadband:** Bridging the urban–rural digital divide through affordable last-mile connectivity and inclusive access.
- **Youth Skills & ICT Workforce:** Harnessing the demographic dividend—two-thirds of Bangladeshis are under 35—through industry-aligned skills and innovation pathways.
- **AI, Fintech & Emerging Tech:** Enabling public–private collaboration in AI, IoT, mobile financial services and fintech to future-proof the economy.
- **Digital Sovereignty & Data Protection:** Safeguarding national data, critical digital infrastructure, and cyber resilience.

PROFESSIONAL EXPERIENCE

Managing Director · Smart Lab & SUBARU Bangladesh	2019 – Present
